

Lake Shawnee News

MESSAGE FROM THE PRESIDENT NOVEMBER/DECEMBER 2022

Since this edition of the LSC News will cover November & December, I need to wish all our members and your families a Happy Thanksgiving, Merry Christmas, and Happy Hanukkah.

I would like to officially thank Gerry & Cathy Fahy for their extremely generous donation to the Club. Hopefully, by now, you have been down to 2nd Beach to see the beautiful new wall and stairs. This project is a transforming addition to the property. We have talked about replacing them for a long time. It looks fantastic! The Fahy's donated the materials for the stairs and covered the labor, and the Club paid the cost of the wall materials. We expect the handrail to be installed shortly. Please be sure to take a look. THANK YOU, Gerry & Cathy! It is genuinely appreciated.

On a sad note, we lost a long-time Club member and current Board member, Al Gazdalski. He was my next-door neighbor for over 40 years. Al was all about Lake Shawnee, first moving to Lake Shawnee 50 years ago with his wife Laurie, living on Highview Trail, then moving to Island Trail, raising his two girls, Laurie and Sarah, here in the lake. He loved and was involved in the Swim Team over the years and served multiple stints on the Board of Governors. Al was in charge of 3rd Beach and ran the Club's Senior group. He cared deeply about the lake's health and used his chemistry & biology education to benefit the lake. He was also known as "Al, your chem pal" and offered to tutor students who struggled with a chemistry class. All who knew him will undoubtedly miss Al, and we thank him for all his contributions to Lake Shawnee. Rest in Peace, Al.

Just a reminder, our Fall Clean-up is scheduled for Saturday, November 5th; we start work at 9 am. If you have some time to lend a hand, our Fall Clean-up is usually quick, as there is not as much work to do as our Spring Clean-up. Your volunteerism year-round helps reduce our Club expenses; why not come out to meet some of your fellow neighbors? We will have tickets available for anyone who volunteers to enter our free membership raffle. We draw the raffle after our Spring Workday.

We will be soliciting nominations for our Board of Governors in January for our March Annual meeting. All five officers' positions and four Board positions are up for election in March.

Hard to believe I need to talk about ice on the lake already, but as our lake starts to freeze this winter, we ask that all who venture out please use good common sense. We post ice safety rules on our website to reference, but it is up to each individual to be responsible for their safety. All who use the ice and lake for recreational activities do so at their own risk. Please educate your children as well to not venture out without adult supervision.

Enjoy your holidays!

Social Committee Events

Social Committee: Please join us at the clubhouse with any new ideas you might have. Our next meetings are **Tuesday, November 1st and December 6th at 7pm. The December meeting will be our planning meeting for 2023 events!** If you can lend a hand at any of our events it would be greatly appreciated. Please email social@lakeshawneeclub.org if you plan on attending or if you have any questions.

Baby and Me Playgroup: Bring the kids down to the Clubhouse to meet Moms and children of similar ages. Playgroup meets **every Tuesday at 5:00pm**. Pre-K and under.

Shawnee Seniors Club: Our Shawnee Seniors Club meets **every other Wednesday at 1pm** at the clubhouse. The club is open to all Seniors Age 55 and older.

Mahjong: Come to the Clubhouse Mondays at 1pm. Even if you've never played before, come on out and learn!

Annual Scarecrow Competition: Take a break from raking all of those leaves that continue to fall! Go grab a pumpkin, stuffing and some old clothes to create a festive scarecrow in your yard! Judging for the best scarecrow will take place on **Friday, November 18th and Saturday, November 19th** and winners will be announced on **Sunday, November 20th** on Facebook. The only requirement is that a pumpkin must be included in the display.

Annual Christmas Light Fight Competition: It's our Annual Great Light Fight...EAST vs. WEST. **Displays must be completed by December 9th.** See the ad in the newsletter for more details!

MARK YOUR CALENDARS

Tuesday, December 6th 7pm

Annual Social Committee Planning Meeting

Are you interested in chairing an existing Social Committee event or hosting a new event in 2023? We will be scheduling all events for the upcoming year at our December Social Committee Planning Meeting. Due to past circumstances, NO events will be added to our calendar once the schedule is confirmed with the LSC Office Manager in January. Also, ALL events are in danger of being cancelled if no one steps up to chair them. It doesn't require a lot of work, just volunteer for one event that's your favorite. We always welcome new volunteers and new ideas. If you're unable to attend, please contact social@lakeshawneeclub.org with your information.

On behalf of the Lake Shawnee Club, many thanks to Gerry and Cathy Fahy for their efforts to improve 2nd Beach by installing the new stairway and wall. Their hard work will be enjoyed by the entire membership for many years to come.

Lake Shawnee Club

LAST CALL

for the Lake Shawnee Ornaments
Featuring a variety of choices along with a commemorative 75th ornament.
The deadline for the last order is November 10th.
The 75th ornaments will be available at the 75th Anniversary Celebration, and the deadline for those will be November 26th.
Click on the link below to place your order!

[Lake Shawnee Ornaments Order \(canva.com\)](https://canva.com)

Summary of the Lake Shawnee Club Board Meetings

September 9, 2022

The Social Committee reported that all the summer events were well attended and very successful including the End of Summer Celebration. Upcoming events are the annual Dog Walk/Pet Parade in September and a Fall Movie Night in October. The deadline to RSVP for the 75th Anniversary is October 15th.

Solitude completed a survey of the lake on September 9th - although the lake was down almost a foot due to the lack of rain, it was in great shape. **See more information on the lake and the treatment in the November/December ASK JEFF article.

We survived the lifeguard shortage this season although 3rd Beach was not manned very often. And Mr. Matt Matrisciano handled Summer Security very well this year.

It was reported that there is a tournament on September 10th.

The Swim Team won the leagues' Sportsmanship Award for the 4th year in a row.

A memorial bench will be installed at the Clubhouse by the horseshoe pits in honor of Mr. Warren Fisher.

It was reported that work on the new wall at Second Beach has been completed thanks to Gerry and Cathy Fahy. They donated their time and supplies to complete the stairs and their time to complete the wall (the supplies were purchased by the Club). An outside railing is planned which will be more durable and easier to replace or repair than the previous one down the middle. Blacktop resealing and repainting of the basketball lines will be completed in October. The Board discussed future plans for the area.

An email blast will be sent to the membership to remove any large boats as soon as possible before the water level drops any lower. Any abandoned boats will be removed from Club property.

Profit for the Snack Shack this season was reported at \$355.39.

The Board discussed and approved a new sign for the Clubhouse and new plantings in the area.

The Board discussed and approved new signage for parking rules/regulations on Club properties.

October 7, 2022

The Social Committee updated the Board on upcoming events including the 75th Anniversary Celebration on November 19th (Deadline to RSVP October 15th). The September Dog Walk and Pet Parade raised \$60 for the Township animal shelter. Upcoming Movie Night was cancelled. Other upcoming events include a Halloween Storytime, Trunk or Treat, and Beer Tasting.

It was reported that the upcoming Fall Workday is scheduled for Saturday, November 5th. A new bench needs to be installed as well as regular property clean up. A light breakfast will be served.

The Lake Shawnee Foundation Committee met recently and created a mission statement along with our vision and values. Any donations made to or collected by the foundation will be tax deductible and money can then be granted to the Club for future projects.

There was a brief discussion on rental properties and membership fees.

Mahjong anyone?

**Come to the Clubhouse Mondays at 1pm.
Even if you've never played before,
come on out and learn!

NECESSARILY HAVE THE TIME;
THEY JUST HAVE THE HEART.**
ELIZABETH ANDREW

The Social Committee is Seeking Volunteers

In order to ensure the success and continuation of this year's events, we need more volunteers to come out and lend a hand. Without increased involvement, we will be forced to cancel events that we have all come to love. A large commitment isn't necessary. We are asking members to sign up to chair an event(s). New ideas are always welcome. We will share experiences and help you every step of the way. Grab some friends, pick an event and let's work together!! If you are interested, please email social@lakeshawneeclub.org.

Treatment update - On Sept. 9th, we had our last survey and treatment by Solitude. Our chemistry - DO (7), PH (97.5), and Water Clarity (5 feet) were all looking great. Our filamentous algae treatment went very well on our last treatment with some amounts in a cove near North End. We did treat for a handful of lily pads (leaving the large patch alone) which have started to spread. We try to keep that large group of pads for fishermen. It provides cover and protection for small fish and attracts larger fish to feed on them. Most fisherman say this is a great place to catch fish.

We did find about 10 patches of tape grass with the stem and flower emerging at the surface. The plant itself was still close to the bottom and will soon dissipate as the water starts to chill down in these next few weeks. The flowering stems have already started to brown out. It was recommended by the biologist who has been treating our lake for 20 years to leave it to the Spring. With a good freeze this winter, some of it will die off naturally. We will watch this very closely next May and June as we start a new season.

While out on our survey, we saw something that was very beneficial to our lake - Freshwater Jellyfish. According to the biologist, this species of jelly fish only can live in very clean water. They were about the size of a penny and obviously translucent, so not easy to recognize. Again, another indicator that Lake Shawnee is one of the cleanest bodies of water of all the lakes in the area. Combined with the tiny, microscopic colonizing algae that looks like a brain (Bryozoa), we are in great shape. I applaud all lake-front homeowners and all members for being conscientious about what you do with your lawns and being careful about things going into the catch basins that could harm the lake. As the saying goes, "it takes a village", and I thank you.

With that being said, a final reminder as those leaves start to fall (which is a lot sooner with the dry weather), please keep them out of the lake and away from catch basins. They lead to eutrophication (sediment building up on the bottom of the lake). Try and get those leaves off your lawn before they blow into the lake naturally.

One last thing which is not lake related. Monarch butterflies are in trouble. Their habitat, which mostly consists of milkweed plants, has been destroyed by spraying and cutting roadside vegetation. The monarchs lay their eggs on these milkweed plants so the caterpillars can eat the leaves before they change into a beautiful butterfly. Needless to say, there has been an effort by many to plant milkweed seeds to increase this very valuable plant for monarchs. I am always searching for the plants to gather their pods that contains the seeds. Thanks to Jim Beyel, a good friend and neighbor, I found my milkweed plants and their seed-laden pods. I have picked about 20 pods. If you would like a pod so you can be part of the effort to help monarchs, give me a call. Thank you in advance.

That's it for now folks. Enjoy the beautiful colors this fall. As always, any questions about the lake don't hesitate to call or email me.

Thank you! Jeff

? Trivia Night ?

Annual Christmas Light Fight Competition

Dust Off Your Ladders....Get Out Those Extension Cords...
Start Planning Your Display....

We are doing it again! It's our Annual Great Light Fight...
EAST vs. WEST

East Side - Starts at the dam and continues toward Stanlick ending at
Shenandoah Crescent/West Lakeview Trail

West Side- Starts at the dam and continues toward 2nd Beach up to and including
Shenandoah Crescent, West Lakeview Trail and Shawnee Parkway

Displays must be completed by December 9th.

Judging will take place Friday, December 9th & Saturday, December 10th

We will see which side of the Lake shows the most holiday spirit!! Who will win?!?
East or West!!

Our Judges will also choose one Overall Winner from each side of the Lake.
Prizes will be awarded.

The winners will be announced on Sunday, December 11th on Facebook.

Judging is done by anonymous families who do not live in the lake

With Our Deepest Sympathy

On behalf of the Board of Governors of the Lake Shawnee Club, we offer our thoughts and prayers to the family and friends of Albert Joseph Gazdalski, who passed away unexpectedly on his birthday, October 7th. Al was active in the Lake Shawnee community for 50 years. He was a current Board of Governors member dedicating his time to environmental concerns for the lake and heading the 3rd Beach Committee. He was an avid volunteer for the Swim Team and club activities, including pig roasts, Community Day, Winter Carnival, and Fishing contests. Al enjoyed watching his daughters' swim competitions for University of Scranton, William Paterson University, Pope John High School, the YMCA, and the Lake Shawnee Swim team. He also enjoyed going to cheer and dance competitions for his granddaughters. He loved fishing for recreation and socializing with the senior group in Lake Shawnee. Al also spent time as a tutor

to many students taking Chemistry courses. He helped various girl scout troops work on their science badges. Being an outdoor person, he spent many hours on motorcycle rides with his buddies, and hiking through various national parks with his family. Al never missed a Jeopardy episode, and he would enjoy his crossword puzzles. He loved a fresh cup of coffee and a cookie any time of the day.

Al is survived by his loving wife of 50 years, Laurie, daughters Laurie (Michael) and Sarah (Alex), and granddaughters Sophia, Serena, Scarlett, and Reese. He also leaves behind his brothers, Joseph (Kathie), Thomas (Karen), and nephews and niece Adam, Jayne, Alex, and Eric (Cristina).

Al will be missed by the entire Lake Shawnee Community. Rest in Peace, Al!

On behalf of the Board of Governors of lake Shawnee we offer our thoughts and prayers to the family and friends of Lois Elaine Archibald who passed away on Thursday, October 20, 2022 at Excel Care, Dover. She was 84 years of age. Lois was born and raised in Ishpeming, in the upper peninsula of Michigan. She later settled in Lake Shawnee section of Jefferson Twp. 40 years ago. She was a loving mother and very proud of her family. Lois enjoyed painting, reading, snow and water skiing but most of all she loved holidays and family gatherings. She was a member of St. Peter's Episcopal Church, Mt. Arlington. She also belonged to the Lake Shawnee Senior Citizens as well as the Lake Hopatcong Senior Citizens.

Predeceased by her husband Tony Archibald and her parents; John Elmer Kielinen and Mayme Susan (Kuisti) & brothers Ronald and Kenneth.

She leaves her four daughters, Susan Lavin and husband Peter of CT., Toni Valerio and husband Paul of Mt. Arlington, Sarah Kelly and husband David of Oak Ridge, Betsy Kuntz and husband Walter of Lake Shawnee. Nine Grandchildren: Nicole Valerio, Erica Collins, Elizabeth Kapetaneas, Emma Nunez-Perez, Matthew Kelly, Bridget Kelly, Jack Kuntz, Colleen Bley & Abigail Kuntz. Also survived by three Great Grandchildren; Grace, Angela and Maxine.

vehicle traffic around our lake community.

Message from the Mayor

So, I realize all just received our recent Township newsletter in which I mentioned the town was hoping to pave the remaining side roads in the lake and West Shawnee in the Spring. Lousy timing, unfortunately. I always try to be optimistic, and I wrote that message at the beginning of October. Our public works crew has been working and trying hard to get all the side road drainage done, but as of 10/25, they are just finishing up on Mountain View. After consulting with my Engineering and Public Works professionals, we decided not to push it and hold off on all paving until Spring. Weather and colder night temperatures and, believe it or not, all the leaves coming down really make it unfavorable to pave. Most paving companies begin to shut down beginning in November as it becomes unfavorable to get this work done. We were looking at almost a week of milling and a week of paving and hoping we would have favorable conditions to complete it all, which could be a gamble. If the actual road temperatures are not above 50 degrees, we cannot pave. We want a quality product that lasts when it is done, so doing so in the Spring, combined with paving West Shawnee simultaneously, is the best choice.

Last, be aware once our public works crew finishes up on Mountain View, they will be going right over to West Shawnee to complete the drainage project from Mallard to almost Second Beach.

Thank you for understanding!

Eric Wilsusen, Mayor

Ice Safety

Outdoor ice sports and activities can be safe and enjoyable, but there is no such thing as 100 percent safe ice. Anyone who spends time near the ice should first determine the ice conditions, and then take precautions to stay safe.

Preventing Ice Accidents

- Follow these guidelines to avoid accidents when on or near ice:
- Check the ice thickness before going out. To be safe, ice should be solid and at least 4 inches thick. Remember, the ice may not be the same thickness over the entire area of a lake or pond. Test ice thickness by using a chisel, cordless drill or ice auger.
- Be safe—the more people on the ice, the thicker it should be.
- Use ice on smaller, shallower and slower-moving bodies of water for ice activities, it is usually more solid.
- Look for objects sticking up through the ice and mark them as hazards.
- Do not go out on ice that has recently frozen, thawed and then frozen again. This happens in the spring and early winter as temperatures change often. Wait until the outside temperature has been below freezing long enough that at least 4 inches of solid ice forms over the entire area.
- Always stay with at least one other person.

Source: American Red Cross

LAKE SHAWNEE ICE FISHING RULES

- No use of gas-powered augers before 8 AM
- No fishing closer than 50 feet from the shore of anyone's property unless it is your own
- No fishing closer than 100 feet from the Beach areas and directly behind the Clubhouse
- Drill no more than ten holes per person per day
- Return all fish to the Lake alive that you do not intend to eat or otherwise take with you
- When leaving, take everything off the ice with you, including fish, garbage, coals, firewood, cans, etc.
- No glass bottles allowed on the ice at any time
- No fires allowed on the ice other than cooking on a grill
- Member or guest badges must be worn while on the ice

These rules must be followed in order for all of us to continue enjoying our ice fishing on Lake Shawnee!
